Winter 2010

SmartLipo MPX revolutionizes cosmetic liposuction procedures

For nearly 25 years, the doctors of Cosmetic Surgery of New York have been providing cutting edge techniques to bring patients closer to their self-images through cosmetic surgery. The newest procedure added to the practice is Smartlipo MPX, a minimally invasive laser-assisted liposuction procedure which destroys fat cells and tightens skin. Our practice prides ourselves on customizing body and facial rejuvenation to the patient, so our consultations are free. Our skin care and laser center addresses a wide variety of skin care issues and the latest technology for non-invasive treatment. Visit our website at www.csnycosmetic.com

Dr. Hillard Warm, Dr. Robert Jacobs, Dr. Haim Misholy

SmartLipo MPX

The First on Long Island to Acquire this Revolutionary Technology

- Tightens skin while destroying fat cells
- Ideal for patients with skin laxity or localized areas resistant to exercise
- Neck tightening, love handles, abdomen, thighs, arms
- Possible alternative to tummy tucks
- Minimal incision, minimal downtime
- Enhances results of traditional liposuction
- For use in male chest procedures

WE'VE BEEN NOMINATED BY L.I Press as BEST OF LI 2010.

FILLERS AND BOTOX tm

Injectable fillers are becoming increasingly popular with patients who want immediate results using minimally invasive procedures. Restylane™, Juvederm™, Evolence™, Perlane™, Radiesse™ and Prevelle Silk™, all available at our Long Island office, help reduce lines and creases to temporarily restore a smoother, more youthful-looking appearance.

Sculptra™ Aesthetic, a collagen stimulator, is now FDA approved. Call for information!

Botox® Treatment

Developed to treat the signs of aging by reducing and removing wrinkles. Botox® is considered a safe and effective method to treat wrinkles. Common areas for Botox® include forehead furrows, lines between the eyebrows and crow's feet.

Cosmetic Surgery of New York's Skin Care and Laser center offers gift certificates and is open Monday through Saturday, with evening hours available. Our individualized approach ensures that you receive the benefits of the most appropriate skin care treatment and products for your skin type. Call for a free consultation.
